Report of Chief of Police

In compliance with the request of the State Council of Defense, the personnel of this department has been enlarged to cover war-time needs.

In appointing extra officers we have endeavored to cover each part of the town.

The department now consists of seven officers with full police powers as follows:

Center	Chester A. Barnaby	Elmer Corey
North	Willard W. Cummings	
South	Walter B. Fessenden	William B. Quigley
East	Charles P. Kegy

With the exception of the Chief, these men serve without pay, the only cost to the town being \$13.62 for badges.

We ask your continued co-operation in our work and request that any major disturbance be reported to your Chief who has been instructed what procedure to follow.

CHESTER A. BARNABY,

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Brookline:

I herewith present my fourth annual report, the twenty-fourth in the series. I propose to present only two topics, besides the usual statistical tables which follow.

SCHOOLS MUST GO ON

During such difficult times, it is with some hesitation that we attempt to interpret the schools to the public. The demands are so heavy in this and that respect that one hardly knows which to put into effect and which to eliminate for so many appear to be worthy. I notice the people of experience find themselves in a similar predicament. Therefore, it seems to me that we should have a great deal of sympathy for the young people who experience difficulty in adjusting themselves to the war conditions.

The growth of children cannot be stopped until this struggle is over. Their growth is continuous and schools must go on with their development. British leaders have learned that the war only intensifies the need for good schools. The future strength and leadership of America is now in school.

I trust each and everyone is following the evolution of the school from peace-time to war-time preparation. Accelerated programs in higher institutions cause changes in our high schools and grades. Scrap collections, sale of war stamps, participation in various drives, rationing programs affect the school's former program. Through it all, I find a wonderful spirit of loyalty and a desire to do one's part.

PERSONNEL

I could devote my complete discourse on this subject. As suggested before, these are no ordinary times and the need for competent teachers was never greater. Teachers are entitled to a wage consistent with their importance and comparable to that received in other walks of life. There is enough unrest in the world and there will be enough after the war without having a group of dissatisfied

and underpaid people in charge of our schools and children. We shall need those who can hold their heads up and be proud of the treatment given them by their communities. Appreciation may even be a partial substitute for monetary consideration.

We have had plenty of difficulties with the retention of recruiting of a teaching staff. I urge you to be just as generous in the matter of teachers' salaries as you can. I well remember my statement of last year regarding adequate salaries. No sooner had I made that statement than was it out-of-date. Conditions in the teacher market grew steadily worse and we were confronted with serious problems. We have been fortunate to make the changes as effective as they have been.

You are extremely fortunate to have the staff as now constituted. The work proceeds with a minimum of interruption. Mrs. Marguerite O'Neil was moved from the Intermediate to the Grammar room and Miss Helen Underwood, Keene Teachers' College '42, was employed for the Intermediate Grades. Mrs. Elizabeth Scully continues in the Primary Room.

I express my appreciation for the faithful work of the teachers, for the considerate attention the School Board has given to the work, and for the support of the entire citizenry.

Respectfully submitted,

HAROLD C. BOWLEY,

Superintendent of Schools.

REPORT OF SCHOOL NURSE

To the Superintendent, School Board Members
and Citizens of Brookline.

I submit a report of the school health program from February 1942 to February 1943.

Children physically examined		88
	Corrections	
Children having Enlarged or Defective Tonsils	11	
Children having Defective Teeth	42	37
Children having Defective Vision	4	2
Children having Defective Speech	2	
Children having Defective Hearing	2	
Orthopedic Defects	2	

At the opening of school many of the pupils were infected with Impetigo.

On examining the children in the fall Dr. Winograd, the school physician, noted a nutritional improvement in them. With the continued hot lunch and additional milk in school I am sure the health and vigor of the children will prove most gratifying.

The dental clinic held in May was very well patronized. Thirty-seven pupils had their work completed. Here I want to thank the committee of women who so untiringly worked on the clinic and the various organizations who loaned funds to financially sponsor it.

All pupils from the second grade up were recently given the audiometer test. Only two pupils showed a very slight hearing impairment.

The fine cooperation of teachers and parents greatly help to promote a good health program and is greatly appreciated.

Respectfully submitted,

HELEN J. HOUSE, R. N.

School Nurse.
